Jacksonville Theological Seminary

STATEMENT OF PURPOSE AS GIVEN BY DR. HAROLD VICK, FOUNDER OF JACKSONVILLE THEOLOGICAL SEMINARY

Jacksonville Theological Seminary is committed to the purpose of training believers for a lifetime of productive service to the Lord Jesus Christ.

Our courses are centered on the Bible, which we believe to be the Word of the living God. Our endeavor is to create a hunger for His Word and a proficiency in the declaration of the Gospel through proper communicative skills.

Our degrees will give a strong foundation from which the Gospel will be proclaimed.

All degrees of Jacksonville Theological Seminary are of an ecclesiastical nature, and whether granted or conferred, are in the restricted area of ministry, “For the perfecting of the saints, for the work of the ministry, for the edifying of the body of Christ.” (Ephesians 4:12) *and* are not designed to be used in secular academic circles.

JTS accepts credits from all schools whereby the student can provide official transcripts.

The staff of JTS is proud of JTS; and considers it comparable to any other Seminary – anywhere! We are also proud that you are considering becoming a student. Let us know if we can be of assistance to you in any way. Like you, we are servants.

FACILITATOR INFORMATION

Jacksonville Theological Seminary also has non-resident courses. These courses are done on audio and related textbooks and when completed are mailed to the JTS office in Jacksonville, Florida or submitted through our online system.

One of the things JTS is doing to help students benefit more from their learning experience is to train and place facilitators in strategic places around the country.

Facilitators do not teach courses on a higher level than they have obtained themselves. These facilitators can provide prospective students with information about JTS.

JTS is committed to the purpose of training believers for a lifetime of productive service to the Lord Jesus Christ. Our courses are centered on the Bible, which we believe to be the Word of the Living God. Our endeavor is to create a hunger for His Word and a proficiency in the declaration of the Gospel through proper communicative skills.

For more information, call the JTS office and we will be happy to put you in contact with a facilitator in your area.

Facilitator names and locations can be found online at our website with additional information on how to facilitate an education program in your location.

DOCTRINAL STATEMENT

Jacksonville Theological Seminary is Interdenominational in nature; however, we hold to the following *Articles of Faith*:

I. The Holy Scriptures:

We believe that the Holy Bible is the Word of the Living God; true, without error, immutable, steadfast, unchangeable, inspired by the Lord God Jehovah; and penned by Holy men of old as they were moved upon and directed by the Holy Spirit.

II. The Eternal Godhead:

We believe that there is but one true and Living God; maker of heaven and earth and all that is in them; the Alpha and Omega, Whoever was, and is, and shall be without end; that in the unity of the Godhead there are three Persons, equal in every divine perfection, executing distinct but harmonious offices in the great work of redemption.

The Father-whose glory is so exceeding bright that mortal men cannot look upon His face and live; but whose heart was so filled with love and pity for His lost and sin-benighted children that He freely gave His only begotten Son to redeem and reconcile them unto Himself:

The Son-Co-existent and co-eternal with the Father, Who, conceived by the Holy Spirit and born of the virgin named Mary, took upon Himself the form of man, bore our sins, carried our sorrows; and by the shedding of His precious blood upon the cross of Calvary purchased redemption for all that would believe upon Him; bursting the bonds of death and hell, rose from the grave and ascended on high leading captivity captive, that as the great Mediator betwixt God and man, He might sit at the right hand of the Father making intercession for whom He laid down His life.

The Holy Spirit-The third person of the Godhead, the Spirit of the Father shed abroad, omnipotent, omnipresent, performing an inexpressible important mission upon earth, convicting of sin, of righteousness, and judgment, drawing sinners to the Savior, rebuking, pleading, searching, comforting, guiding, quickening, teaching, glorifying, baptizing and enduing with power from on high, all who yield to His tender ministries, preparing them for the great day of the Lord's appearing.

III. The Fall of Man

We believe that man was created in the image of God, before Whom he walked in holiness and purity, but that by voluntary disobedience and transgression, he fell from the Eden of purity and innocence to the depths of sin and iniquity. We also believe that as a consequence of this, all mankind are sinners, not by coercion, but by choice, shaped in iniquity and utterly void by nature of the holiness required by the law of God. Therefore, mankind is positively inclined to evil, guilty and without excuse, justly deserving the condemnation of a just and Holy God.

IV. The Plan of Redemption

We believe that while we were yet sinners Christ died for us, the just for the unjust; freely, and by divine appointment of the Father, taking the sinner's place, bearing his sins, receiving his condemnation, dying his death, fully paying his penalty, and signing with His life's blood, the pardon of everyone who should believe upon Him; that upon simple faith and acceptance of the atonement purchased on Mount Calvary, the vilest sinner may be cleansed of his iniquities and made whiter than the driven snow.

V. Salvation Through Grace

We believe that the salvation of sinners is wholly through grace; that we have no righteousness or goodness of our own wherewith to seek divine favor, and must come, therefore, throwing ourselves upon the unfailing mercy and life of Him who bought us and washed us in His blood, pleading the merits and righteousness of Christ the Savior, standing upon His word and accepting the free gifts of His love and pardon.

VI. The Baptism of the Holy Spirit

We believe that the Baptism of the Holy Spirit is the incoming of the promised Comforter in might and glorious fullness to endue the believer with power from on high and thus enable him for purposes: to glorify and exalt the Lord Jesus; to give inspired utterance in witness of Him; to foster the spirit of prayer, holiness, sobriety; to equip the individual and the Church for practical, efficient, joyous, Spirit-filled soul –winning in the fields of life. We believe that this being the dispensation of the Holy Spirit, the believer may have every reason to expect His incoming to be after the same manner as that in which He came upon Jew and Gentile alike in Bible days, and as recorded in the Word.

VII. The Second Coming of Christ

We believe that the Second Coming of Christ is personal and imminent; that He will descend from Heaven in the clouds of glory with the voice of the Archangel and with the trump of God; and that at this hour, which no man knows beforehand, the dead in Christ shall arise; then the redeemed that are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air, and that so shall they ever be with the Lord.

VIII. Marriage

We believe the Bible teaches that marriage is ordained by God and is the union between one man and one woman.

IX. Sanctity of Life

We believe the Bible teaches that all human life is sacred and begins at conception.

ACCREDITATION

Jacksonville Theological Seminary (JTS) is chartered by the State of Florida (Charter # N47402) and registered with the Commission for Independent Education of the Florida Department of Education as a Religious Institution and therefore is exempt from Licensure by state statute 246.085.

Jacksonville Theological Seminary (JTS) is a **Comprehensive Accredited Member with Honor** by The Accrediting Commission International, Inc., (ACI) ACI is the largest and fastest-growing non-government accrediting association in the world. As a non-profit corporation, ACI is primarily a religious school accrediting agency.

The purpose of accreditation is to:

1. Certify that an institution has met established standards of excellence.
2. Assist prospective students in identifying reputable institutions which offers degree programs that will meet their needs and goals.
3. Allow institutions to evaluate the acceptability of transfer credits into their own curricular programs.

Jacksonville Theological Seminary is also affiliated with the National Christian Counseling Association (NCCA.) As a result, JTS is able to facilitate the NCCA program, enabling our students to apply for and receive a Christian Counselor's license.

DISCLOSURE POLICY

Credits and degrees earned from colleges in the State of Florida, which are authorized by the State Board of Independent Colleges and Universities, do not qualify the holder for a state teaching certification, nor do they qualify him or her to participate in professional licensing examinations. Any person interested in obtaining a state teaching certificate or practicing a regulated profession should contact the appropriate regulatory agency in the field of his interest.

DISCLAIMER STATEMENTS

- *Transferability of credits earned at Jacksonville Theological Seminary and their acceptance at another institution is at the discretion of the receiving institution.*
- *The degree programs of this Seminary are designed solely for religious vocations.*
- *Although we do offer degrees in Christian Counseling and Divinity, JTS is not responsible for counseling information given by our students.*

ADMISSION INFORMATION

Applicants for admission to Jacksonville Theological Seminary (**JTS**) are considered without regard to sex, age, color, or national origin. Each prospective student will be assessed per his or her academic background.

An application must be made on the official form furnished by the admissions office. A copy is available on our website or can be requested by mail or email. We also offer the option to apply online using the online application. Once the admissions office receives an application, along with the appropriate fees and official transcripts of all earned credit, the applicant will be evaluated to determine his or her academic needs by the Academic Dean of **JTS**. The Admissions Office will then notify the student by mail and/or email, regarding acceptance and credits needed for a degree.

Once applicants have received official notice that they have been accepted as students, and their evaluation is complete, they may begin ordering courses. Courses may be taken at **JTS**, at home, online, or at any Facilitator location. All degree programs are available online. Online programs are offered to all students, both those who are working with a Facilitator and those who are not.

Once all the requirements for an individual course have been completed, they are then to be mailed to **JTS** or submitted through our online system. A copy of the course grade will be returned to the student by mail, email, or online system after the grade has been posted to the student's permanent records and transcript.

DISMISSAL and RE-ADMISSION POLICIES

JTS reserves the right at any time to place on probation, suspend, or dismiss a student whose academic standing, financial obligations, progress, or conduct is not deemed as satisfactory by the administration.

If a student has been "inactive" for a period of one year or longer, he or she will no longer fall under the "grandfather" clause for subsequent degree plans. All curriculum and financial degree plans will be established as per the current guidelines for the current year; however, the application fee will be waived.

Re-admission is not to be expected after a dismissal. However, a student is free to re-apply through the office of Admissions for student status at any time. His or her re-admission will be subject to the written approval of the president.

REPEATING A COURSE

Students may request and obtain permission to retake an exam if the grade was below a "C". If students receive a failing grade for the course, they must retake it to receive credit for graduation. Only the higher grade will be recorded on the student's record.

POLICY ON PLAGIARISM

We believe that our students would not intentionally leave a quote or reference un-credited. However, occasionally it can occur in an essay, book report, thesis or dissertation. It is important that each student be sure that all copied or cited works be credited and have quotation marks around them. These also should be referenced at the end of the paper. No paper should have more than 10 percent of its entirety cited or quoted. Unintentional plagiarism will result in lowering the grade of the paper by one letter grade. **Blatant plagiarism will result in the failure of the course or re-writing of the entire thesis/dissertation or dismissal.**

ALL OF THE FOLLOWING ARE CONSIDERED PLAGIARISM:

- turning in someone else's work as your own
- copying words or ideas from someone else without giving credit
- failing to put a quotation in quotation marks
- giving incorrect information about the source of a quotation
- changing words but copying the sentence structure of a source without giving credit
- copying so many words or ideas from a source that it makes up the majority of your work, whether you give credit or not

<http://www.plagiarism.org/>

You should NOT copy and paste any portion of your assignment.

If you do want to convey someone else's ideas, you should always cite the work.

WHEN DO I NEED TO CITE?

Whenever you borrow words or ideas, you need to acknowledge their source. The following situations almost always require citation:

- whenever you use quotes
- whenever you paraphrase
- whenever you use an idea that someone else has already expressed
- whenever you make specific reference to the work of another
- whenever someone else's work has been critical in developing your own ideas.

Degrees are normally awarded annually during the month of May. However, they may be awarded when degree plans are completed, and all financial obligations to **JTS** are satisfied. Presentations of degrees may be made at the graduation exercises or sent directly to students through the mail when studies are completed.

JTS ALUMNI

The fall of 1993 saw the birth of the Jacksonville Theological Seminary Alumni with thirty-five former students. The first Alumni Banquet was held in 1997 during graduation weekend. The Alumni helps with scholarships, especially for people incarcerated in state prisons and students in other nations. Today the JTS Alumni are touching people throughout the United States, and throughout the world with the Gospel message of Jesus Christ. If you are a graduate of JTS, or a former student, join JTS Alumni TODAY, and be part of what God is doing through our JTS family.

FINANCIAL

GENERAL INFORMATION

JTS commits to you that we will continue to offer the highest level of academic studies in the Word of God, at the lowest cost possible. Our Standard of Excellence has been established by those who have gone before you, those who have pressed toward the goal in studying to show themselves approved to God and are now laborers in the harvest fields for the Gospel of Jesus Christ. We at JTS encourage you to press on; studying to show yourself approved to God, a workman that need not be ashamed. The Alumni Association provides some scholarship money each year. If you have additional questions or comments regarding financial assistance, please call today.

JTS provides an opportunity for students to select one of four financial plans to pay for their course of studies. These payment plans were developed to meet the needs of each student, while providing JTS the necessary money to maintain our support of ministry partners both here in the USA, and also throughout the world.

We at JTS ask that you pray and seek the Lord as to how He would want you to pay for your Degree Plan. As the Lord has called you to the seminary, He will open the doors for you financially. Be faithful if God directs you to step out in faith and be a blessing to JTS, by accepting Plan “A”.

PLAN “A” - 100% Payment of Degree Plan. Upon registration/start of courses required, Master’s Level Students will receive a \$250 discount. Doctorate and Ph.D. Level Students will receive a \$300 discount.

PLAN “B” - The balance of all costs equally disbursed over the number of courses required for the degree.

FINANCIAL GIFTS

As an interdenominational institution, we do not enjoy a general church relationship with regards to annual funding. We must therefore rely on tuition, fees, and gifts to cover all our operating costs. The revenue generated by our low tuition does not begin to meet our needs.

We ask, please, to remember us in missions giving. Currently **JTS** supports and provides scholarships to students in numerous third-world countries who have no means of earning an income to pay for seminary studies. **JTS** also supports and offers scholarships to students who are incarcerated but desire to study the Word of God and are eager to share the Gospel message while incarcerated and awaiting release. By your gift today, you will assist **JTS** in ministering to the needs of these individuals.

Pastors, an annual **JTS** offering would be very appropriate and most appreciated. Individuals may wish to commemorate a dear loved one with a scholarship fund in the name of that particular saint. Also, it may be possible to remember **JTS** in the last will and testament. What more exciting prospect could there be, than to know that when one is home with the Lord, his or her influence will continue as men and women prepare for ministry through his or her thoughtfulness!

Help us today with your generous financial gift. No matter how big or small your gift is, you will make a difference and reap a harvest.

PREPARING AN ESSAY

YOUR PAPER SHOULD BE TYPED (DOUBLE-SPACED) ON ONE SIDE ONLY.

THE FIRST PARAGRAPH OF THE ESSAY SHOULD BEGIN WITH AN OPENING STATEMENT OF INTEREST. IT SHOULD CONTAIN ALL THE POINTS THAT ARE TO BE DEALT WITH THROUGHOUT THE ESSAY (FIVE POINTS FOR STUDENTS IN THE MASTER'S PROGRAM, AND SEVEN POINTS FOR STUDENTS IN THE DOCTORATE PROGRAM AND NINE POINTS FOR STUDENTS IN THE PH.D. PROGRAM).

THE FOLLOWING IS AN EXAMPLE OF A FIRST PARAGRAPH:

It seems that preparing to be a teacher is more than just knowing the material to be taught. This course has taught me that I need to be able to deal with each student in a different manner, that patience is a vital necessity, that I can learn from students as well as impart information to them, that teaching the lesson is only a small part of the work that teachers have to do, and that I have to earn the respect of students not demand it from them. (NOTE THAT EACH POINT BEGINS WITH THE WORD "THAT".)

THE NEXT PARAGRAPHS (DEPENDING UPON THE NUMBER REQUIRED—AS IN OUR EXAMPLE, FIVE POINTS) SHOULD DEAL WITH EACH INDIVIDUAL POINT. YOU NEED TO USE A DIFFERENT PARAGRAPH FOR EACH POINT. YOU SHOULD USE TRANSITIONAL WORDS TO INTRODUCE EACH PARAGRAPH. **(Master level should have a total of seven (7) paragraphs and the Doctorate level should have a total of nine (9) paragraphs and the PH. D level should have a total of eleven (11) paragraphs)**

EXAMPLE OF THE SECOND PARAGRAPH IN OUR EXAMPLE ESSAY:

To begin with, I learned that every student is different. If I am going to reach each and every student in my class, I need to find out all I can about that student. Knowing his or her background will help me to understand why he or she reacts the way that he or she does. Some students need visual instruction while others need hands-on participation. Just knowing the material that I am teaching is not sufficient.

EXAMPLE OF THE THIRD PARAGRAPH:

In addition to knowing all that I can about each student, I learned that patience is a vital necessity for a teacher to possess. Sometimes it is necessary to repeat instructions several times before all of the students understand the material. Sometimes I may have to alter my progress of teaching in order to make sure that every student knows the material that I am presenting.

THE WORDS UNDERLINED AT THE BEGINNING OF THE TWO EXAMPLE PARAGRAPHS INDICATE TRANSITIONAL WORDS. YOU ARE NOT TO UNDERLINE THESE WORDS IN YOUR ESSAY.

YOU SHOULD CONTINUE THE REST OF THE PARAGRAPHS-- EXCEPT THE FINAL ONE-- USING THE POINTS IN YOUR FIRST PARAGRAPH.

THE LAST PARAGRAPH IS A CONCLUDING PARAGRAPH AND SHOULD SUMMARISE WHAT YOU STATED IN THE FIRST PARAGRAPH. ONCE AGAIN, YOU SHOULD LIST ALL POINTS (FIVE OR SEVEN) THAT YOU HAVE DISCUSSED IN YOUR ESSAY.

Scriptural Roles for Women in a Church --Essay

As a Pastor, this class has truly been a blessing to me! There are a few important topics that are pointed out. The interpretation of God's Word, the understanding of the covering, Pastors having the desire to seek the heart of Christ, women are essential to Christ and the Bible is not a book of oppression.

First, the interpretation of God's word is very important. Often times those who translate the Bible from the Greek omit or insert a word which completely changes the meaning of the verse. Unfortunately, many people are taught and led away from the intended truth of the Bible. The subject of women and their ability to speak openly in the church has been misused and abused. It will take people who are serious about the message of Gospel of Jesus Christ to bring truth to a dying world. Using the original text is where laymen need to mediate and seek Christ understanding.

Secondly, we need to understand the covering. No human being can cover any other human being regardless of race. Only Jesus Christ has the ability to cover and protect His people and institutions. Man, has tried to inform the body of Christ there needs to be some other form of shepherding. Romans 3:23 says that Jesus Christ was displayed publicly "as a propitiation in His blood through faith." Jesus Christ is the only covering available that will never fail.

Next, Pastors must have a desire to seek the heart of Christ. Too often men and woman of the gospel desire to please man and also themselves. God says He is a jealous God and have no other god before Him! My personal take is lined up with God's desire. Christ needs laymen to preach the Word in season and out of season, neither taking from it nor adding to it. God is Sovereign and can do what He wants, when He wants.

Note this should continue until all Paragraphs and Points are fulfilled as per Page 1 of the acceptance letter.

PREPARING A TYPED BOOK REPORT

The typed book report has three parts:

the *introduction*,
the *body*,
and the *conclusion*.

(The total length of a typed report should be a minimum of five (5) pages for students in the Master's, Doctorate, and P.h.D. programs.)

YOUR PAPER SHOULD BE TYPED (DOUBLE-SPACED) ON ONE SIDE ONLY.

YOU SHOULD HAVE ONE INCH MARGINS ON THE SIDES AND TOP OF YOUR PAPER.

I. The Introduction:

Introduce the title, the author, and the subject or theme of the book in the first sentence.

***Example:* Little Women by Louisa May Alcott recounts the girlhood experiences of Jo March and her three sisters.**

Get your readers interested in what you are going to say—perhaps with a striking statement, a quotation, or some background information. If the book has a setting (time and place), you might include it.

***Example:* Set in New England around the time of the Civil War, this classic novel provides a glimpse of daily life in a nineteenth-century American household. Though fictional, it reads like a true story, because the main characters are fashioned after the author's own family. The character Jo March resembles Louisa herself.**

Close your introductory paragraph with a statement of opinion. Choose one aspect of the book—a moral, a concept, or a principle—that made an impression on you.

Ask yourself, "What did I learn from this book? Would others benefit from it? And if so, how?" You will discuss this statement in the body of your report.

***Example:* Though the experiences of the March sisters, one can learn to appreciate the family that God has given him or her.**

II. The Body

A. Begin with a short, concise summary (synopsis) of the book, including only the main points or key events. Limit this synopsis to several sentences.

1. For a fiction book, write a summary of the plot.

The plot is the sequences of actions that make up a story. The plot begins with a conflict involving main characters. Sometimes, the conflict involves two people. Other times, the conflict involves the main character and a variety of people and circumstances. In some stories, conflict may be at work with the character.

Example: In the story Little Women, each of the March sisters faces her own conflict with self as she tries to “be good.”

After you have stated the conflict, recount the events that develop the conflict to the point at which one of the opposing forces is about to prevail over the other. This is called the climax. Following the climax, relate the events that resolve the conflict.

2. For a biography, relate the chief incidents in the subject’s life.
3. For a nonfiction book, write a summary.

B. In the succeeding paragraphs of the body, use incidents, details, and quotations that support the opinion you stated in the introduction. Prove your point.

Example: In the opening scene, the March sisters are bemoaning their poverty when Beth gently reminds them how rich they really are: “We’ve got father and mother and each other.” Though lacking in material comforts, the girls gradually learn to appreciate the treasure they have in a loving home. Mother’s gentle words and Father’s letters from the battlefield remind them of the things that matter in life: relationships, kind words and loving deeds, and personal growth and maturity. Meg learns about the emptiness of material wealth when she visits Annie Moffat and tries to fit in with her frivolous and worldly friends. Jo learns to forgive when Amy burns her precious books. Beth teaches them all about selfless giving when she reaches out to help a poor widow and her children and is stricken with a deadly fever. As each girl struggles with her personal weaknesses, she learns to appreciate more fully the family that God has given her and the values they share.

III. The Conclusion:

- A. Begin the conclusion with a restatement of your opinion. (Avoid the temptation to use the same wording that you used in your introduction.)

Example: **Of the many lessons to be learned from Little Women, the importance of family relationships is one that no reader should miss. Everyone can learn to appreciate his or her siblings and parents from the example set by the March sisters.**

- B. Give your thoughts about the book, whether they are favorable or unfavorable.

Example: **I enjoyed Louisa May Alcott's honest portrayal of family life. Like any ordinary family, the Marches had disagreements and quarrels from time to time, but they remained a close-knit, loving family because they recognized and practiced Scriptural principles of family life: the girls honored their parents, loved each other, and sought to live peaceable together.**

You may comment on the realism of the characters, the charm of the setting, the effectiveness of the imagery, the aptness of the dialogue, or the naturalness of the action. As a Christian, you must also think about the content. How are evil actions presented? Is evil shown in a way that disgusts the reader? Or is it made attractive to the reader? Are the consequences of evil actions shown to be what the Bible says they will be?

In the body of your report, emphasize the moral, the concept, or the principle that impressed you. In the conclusion, evaluate the book according to the criteria above.

NOTE: **Keep the number of pages of your Book Report to the required number of pages for your course. Points will be deducted for long elaborate Book Reports. Remember, you are not re-writing the book, you are only giving a report of the book. Your paper should be typed (double-spaced) on one side only.**

Scriptural Roles for Women in a Church –Book Report

Bigger Than Impossible by Lydia Chorpene, is a power book packed with Scripture that correlates with the mind of Christ and what every individual needs to do in order to gain the impossible. As children of God, we should live by faith and not by sight! Too often, we limit God due to our inability to trust what He says. Many people believe God performed miracles during the Bible days only; unfortunately, we have not put on the mind of Christ to experience the fullness of Him which prohibits a full understanding of His faith.

It is interesting to know, God is already larger than the impossible. Deuteronomy 3:24 says, “O Lord God, You have begun to show Your servant Your greatness and Your mighty hand, for what god is there in heaven or on earth who can do anything like Your works and Your mighty deeds?” There is simply no one like the Lord. Psalm 104:1, 2 says “Bless the Lord, O my soul! O Lord my God, You are very great: You are clothed with honor and majesty, Who cover Yourself with light as with a garment, Who stretch out the heavens like a curtain.” Our God is full of splendor and greatness why wouldn't you follow the true and living Christ.

As Christians, we must know faith and fear cannot coexist. Many times in our lives we reach points where we become intimidated and unsure of our very next move or even what is taken place in our lives. However, Christ stands before us revealing His confidence in the Trinity. Fear is a characteristic of the enemy. Anything to try and shake the people of God and hinder our faith walk is a deposit from Satan. Anxiety can build from our lack of faith and bring on sickness to our physical and spiritual bodies. We must always remember our faith is in Christ not we ourselves.

APPENDIX B

NOTES FOR WRITING A THESIS OR DISSERTATION

YOUR PAPER SHOULD BE TYPED (DOUBLE-SPACED) ON ONE SIDE ONLY

Note: All topics for Thesis or Dissertations must be approved by the Academic Dean.

Guidelines for Restricting a Topic:

1. Become knowledgeable about your unrestricted topic by doing preliminary research. You might read encyclopedia articles or other reference books and consult representative sources from your working bibliography. Always avoid restricting when you have too little information.
2. As you gather background information about your topic, try to identify a problem or controversial issue about which experts or special-interest groups disagree. When you find controversy, you can be sure you are on a topic worth pursuing. When there is controversy, there is a problem to solve and an opportunity to interpret—for you to make your own sense of an issue, to explain or find a solution.
3. Limit the scope of your investigation. For example, you might focus on only one area of a particular subject.
4. Be sure that your research can provide sufficient sources on the topic and that all the material, that you need, will be accessible. Also, consider whether you will have adequate time to work with the materials and complete the assignment. Be sure, too, that your evidence is sufficient for you to develop a reasonable and objective thesis for your paper.

Guidelines for Paraphrasing

1. Read the source, looking for the writer's main idea.
2. Write down, in your own words and using your own sentence structure, what you think the main idea is. Order your paraphrase just as the original source is ordered; include appropriate details.
3. Check your paraphrase against the source. Make sure that you have captured the essence of the source and that your wording differs significantly from the wording in the original source.
4. Avoid plagiarism by giving credit to the author of the paraphrased materials.

Guidelines for Quoting: *You Should Quote:*

1. When the writer's words are so cogent and memorable that summarizing or paraphrasing would undercut their effectiveness or alter their meaning.
2. When you believe the writer's words will lend authority to what you have to say and will be more persuasive than your summary or paraphrase of those words.
3. When you want to take exception to what a writer has said.
4. When you want to comment on a writer's words as a way of expressing your own position or idea.
5. When you want to let a speaker's, own words expose the weakness of his or her argument.
6. When you want to cite statistical information from the source.

Guidelines for Gauging the Reasonableness of Your Thesis or Dissertation.

1. Is my thesis or dissertation based on the investigative work I have done?
2. Is my thesis or dissertation focused?
3. Is my thesis or dissertation objective, fair, and deliberate, taking into consideration all sides of the issue?
4. Have I avoided a heated, two-sided debate or a simple declaration that invites resistance?
5. Have I let my readers know that I have considered and anticipated the responses of those who might disagree with me?
6. Have I been thorough in my research, or do I need to do more research on my topic to get a fuller picture of other points of view?

Guidelines for Incorporating Evidence

1. Clearly introduce and conclude each summary, paraphrase, or quotation in such a way that readers know where it begins and ends.
2. Ensure that the incorporated material blends smoothly into your sentences and paragraphs. Avoid shifts in verb tense or awkward phrasing that would contrast sharply with the incorporated evidence, making your sentences difficult to read and understand.
3. Provide a parenthetical citation within the thesis or dissertation to document the source of your evidence and avoid plagiarism.
4. Be sure that you have adequate parenthetical citations and that each citation corresponds to the list of sources at the end of the thesis or dissertation (Works Cited Page.)

Guidelines to Works Cited Page-- MLA style uses two methods for citing borrowed material within the text.

1. The author and page number of the source are identified immediately following the borrowed material.
2. The author is identified in the text and the page reference is given immediately following the borrowed material.

Use the following guidelines when writing with parenthetical citations.

1. Keep the citations concise but provide all necessary information.
2. Use an author's last name in the first and subsequent in-text citations. Use an author's first initial and last name if two authors in the Works Cited list share the same last name.
3. Place any punctuation marks in the text immediately following the closing parenthesis of the citation.
4. Include a page reference for the borrowed material.

Avoid Right-Side Justification. If you use a word processor to prepare your Works Cited list, turn off the right-side justification to avoid disrupting your spacing and your placement of punctuation marks.

Keep the following guidelines in mind when preparing book entries for the Works Cited list.

1. **Author:** An author's name (exactly as it appears on the title page) should appear as: Last name first, followed by a comma, then by the First and Middle names or initials. Put a period after the author's name.
2. **Title:** Copy the title and subtitle (if any) from the title page, not from the cover or spine of the book. Underline the title and capitalize all major words. Separate the main title from the subtitle with a colon. Put a period after the title and subtitle.
3. **Publication Information:** Copy the publication information (the city of publication, the publisher, and the year of publication) from the title and copyright pages. If more than one city is listed on the title page, cite the first one only. Put a colon and one space after the city of publication before the publisher's name.
